NUMBER 15

TAXICABS GET STAND RIGHTS

The way was clear today for the operation of four taxicab companies in Albany. At the City Council meeting last night applications were approved for the Albany Cab Co., to be operated by Frank Neill, Berkeley; White Cab Co., by H. Schubert; Vets Taxicab Co., by Marvin Patterson and Clifford Gray, Hayward.

Applicants now will show evidence of proper insurance after which stands may be set up with-

in the city. Up to the present time there has been no local taxicab operation.

Frank Regello, former Albany police officer, applied to the Council for adjustment on vacation pay for which he said he had applied previously to Police Chief Stanley Williams and been denied. Since there was a discrepancy in Regello's understanding and that of Chief Williams the matter was referred to City Attorney Joseph Young.

WILLIAMS ANNOUNCES CANDIDACY

Stanley C. Williams, Albany's acting chief of police since February 15, 1943 when he was appointed by the City Council to fill a vacancy caused by the call to military service of Lloyd G. Jester, today announced that he would be a candidate at the April 8 municipal election.

Acting Chief Williams' announcement follows receipt of a letter from Jester, lieutenant commander in the U. S. Navy, who wrote from Chicago, where he is security officer for that area, that he would not be released from the service before June at the earliest.

"In fairness to you, I feel that I must immediately convey the first definite information that I have had as to my Navy status," Lt. Comdr. Jester wrote. "As a result, I cannot seek re-election to an office I have been privileged to hold for the past eight years."

"I know of no man better qualified than you to be Albany's chief. Your splendid record in wartime, when unusual conditions of increased population and manpower shortage made the job especially difficult, speaks for itself and should be sufficient recommendation to voters of Albany to keep you in office. I tender my hearty endorsement and best wishes for your success."

Acting Chief Williams, member of the Albany Department since May 1, 1925, began his law enforcement career, which has since won him wide recognition, under Retired Chief John Glavinovich, when there were but five local officers. In intervening years before elevation to his present post, Williams served as sergeant and inspector and possesses a collection of trophies, which attests to his record as a marksman.

A veteran of World War I, in which he served as an electrician in the Navy, Chief Williams is a member of Albany Post No. 292, American Legion. He is also the newly elected president of Albany Exchange Club and holds membership in Bayview Aerie, Fraternal Order of Eagles, Albany Acacia Club and other local organizations. In his professional field, Chief Williams is a member of the Bay Counties and State Peace Officers Assns.

Active in Masonic circles, Chief Williams is affiliated with Harbor Lodge, Richmond; Oakland Scottish Rite Consistory and Aahmes Temple, Mystic Shrine and also holds life membership in the Shriners Hospital for Crippled Children.

Williams resides at 1220 Brighton Avenue with his wife, Betty, and daughter, Barbara.

Building Permits Issued to Gaeta

The "Times" learned that building permits totaling \$187,000 have been issued to G. D. Gaeta, pioneer local contractor and real estate broker.

In addition to 2 and 3 bedroom homes, the permits cover 22 unit and 13 unit apartment houses in the 900 block on Solano Ave and 2 stores on San Pablo Avenue.

We had to unite to fight in war. Now we must fight to unite in peace.

Board Studies Proposal

The advisability of purchasing church property on Portland Avenue was given extended consideration by the Albany Board of Education at its regular monthly meeting Tuesday evening. Robert G. Larsen, president of the board, presided with Mrs. Delia Walton, secretary, and Board Member Vernon Easter present. The property, owned by the Albany Baptist Church, adjoins the south boundary of Albany High School and is the only parcel of property in the high school block not owned by the School District.

The Albany Baptist Church Building Committee composed of W. R. Schofield, Raymond Swan and Ole P. Eliason, recommended a sale price of \$33,000 for this property approximately 70'x210' which includes the church building and a four-room parsonage. W. R. Schofield, chairman of the church committee, stated that the church had planned to erect a permanent structure on this property. But the recent purchases of property on Pomona Avenue by the Board indicated that the School District might be interested in the church property also. A permanent church structure on this site would preclude expansion for either the high school or church. On the other hand, the church committee pointed out that they were not eager to sacrifice the property in view of the fact that this is an excellent location for the church and other church sites in the area were few and difficult to acquire.

The Albany Board of Education felt that the property was highly desirable for future planning and educational needs. However, they also agreed that the proposed price was somewhat out of line with present values. Paul Bryan, superintendent of schools, explained that Albany High School with recent property purchases, is still on a site of less than four acres and that one of these acres is in the long narrow Key Route Boulevard strip bounded on either side by traffic. This strip is at present almost useless to the high school. "If this church property were acquired," he stated, "it would be possible to widen Key Route Boulevard on the west between Portland and Thousand Oaks Boulevard and join the useless acre of land to the rest of the high school property. Also there is no question in my mind that the Albany High School site is inadequate. All school authorities agree that a high school site should have at least 15 acres of land."

Board Member Vernon Easter indicated that the high school would serve Albany children for generations to come and more space was needed. "Careful, informed and intelligent planning in the past would have prevented the building of a high school on such a small area. Here is a final opportunity to acquire badly needed space for the future. A short sighted policy now will definitely restrict the educational opportunities of high school children for the next fifty years. The cost may be somewhat high in terms of dollars and cents, but the expenditure will be justified in the educational values for our children and their children. If an acceptable price can be arrived at, the Board should purchase this

property."

Robert G. Larsen, president of the Board, hoped that a reasonable price could be agreed upon. "I believe," he stated, "that the high school students of Albany have a right to the same educational advantages that children in other districts have. Future educational programs will require more space for vocational education, homemaking, science and business education. Even with this property the high school site will be less than five acres. I cannot help but contrast the size of the Albany High School site with that of other neighboring high schools. Furthermore, there is the immediate safety aspect of acquiring this property. Large physical education classes crossing Pomona Avenue to Memorial Park constitute a traffic hazard. If the entire square block between Portland Avenue and Thousand Oaks Boulevard were school property, it would be possible to restrict traffic from this section of Pomona Avenue during school hours."

The Albany Board presented two offers to the Baptist Church for the acquisition of this property. The first offer consisted of a cash price of \$24,000. The second proposal included one 50 foot lot and one 25 foot lot now owned by the school district and \$22,000.

Other action of the Board included the acceptance of \$2,700 from the State Finance Department for the preparation of plans and specifications for the high school swimming pool.

The resignations of the following certificated personnel were accepted effective February 1, 1946: Mrs. Elizabeth Farmer as physical education supervisor; Mrs. Marguerite C. Work, school nurse; Mrs. E. Jannette Etchegoin, Miss Elizabeth Mason, Mrs. Priscilla Maloney, Miss Jane Dashiell and Miss Elsie Reimers, teachers. The following probationary teachers were hired: David W. Rice and Mrs. June Fears.

TWICE BLESSED

FIRE CHIEF GIVES DATA

Fire Chief Fred Pimental, in his yearly report to the city council, read at Monday's meeting, thanked the businessmen, citizens and social organizations of Albany for their fine efforts in assisting the fire department in fire prevention for the past year.

Although the department responded to more alarms in 1945, which in part was due to the increase in the amount of building and influx of more citizens to the city, the 214 alarms which endangered property amounting to \$529,770, fire loss was kept to a minimum of \$4,675.13.

The department answered 17 emergency alarms requesting the inhalator. Nine of these calls found the patient dead on arrival, one case unnecessary, two failed to respond to treatment but the quick and efficient response of this service is credited with successfully saving five lives since January 1, 1945.

Chief Pimental appreciates the fact that the fire department may expect the same fine cooperation again in 1946 and expressed the hope that in the coming year he may show even a greater reduction in fire losses for the City of Albany.

Bi-Monthly Social

The Past Presidents of Albany Unit of the American Legion Auxiliary will hold their bi-monthly social at the home of Mrs. Marjorie Kane at 40 Kingston Road, Berkeley, on Friday evening, January 11th. Mrs. Rose Novell of 146 Thousand Oaks Blvd. will be co-hostess.

The past presidents are: Mrs. Marie Danielson, Mrs. Martha Schiller, Mrs. Rilla Moore, Mrs. Orpha Tucker, Mrs. Mildred Schutter, Mrs. Marjorie Kane, Mrs. Vera Crewse, Mrs. Amelia Cook, Mrs. Josephine Foley, Mrs. Ann Sartain, Mrs. Agnes High, Mrs. Luella Houser, Mrs. Elina Olson, Mrs. Louise McClain, Mrs. Edith Jones and Mrs. Una Roderick.

U. N. R. R. A. CLOTHING DRIVE

The Albany Fire Department and public schools are cooperating in the Victory Clothing Campaign, sponsored by UNRRA, it was announced today by Fire Chief Fred Pimental.

Deposit points for clothing boxes have been established at the firehouse, San Pablo Ave. and Washington St. and at the high school, 603 Key Route Blvd.; Cornell School, Solano and Cornell Aves.; Marin School, Santa Fe and Marin Aves., and at Codornices School on Eighth St. at Riley Drive.

No loose clothing will be accepted.

ed, Chief Pimental said. All bundles must be placed in cartons and securely tied. Albany's goal was set at one garment from every home. The drive will close on Jan. 21 and the clothing distributed to destitute nations. The fire chief emphasized that only good, usable, clean garments should be donated.

Sponsor Whist Party

Marin School P. T. A. will sponsor a Whist Party Friday, January 11, at 8 o'clock, in the Marin School Auditorium.

TIRE RATIONING ENDS

No more certificates! Once again every one is eligible to buy, and soon you'll be able to drive in and get immediate delivery on new tires for your car.

PRODUCTION OUTLOOK AT A GLANCE

Tire manufacturers have been unable to fill the great need for new passenger car tires. In case we do not have the right size tire for your car, we should be able to get it soon. Come in for full information.

HERE'S WHY you'll want the B. F. Goodrich Silvertown

OUTWEARS PREWAR TIRES!

It has been proved. More than 2,000 tests and nearly 17,000,000 miles of the toughest kind of road service showed that this new B.F. Goodrich Silvertown will Outwear Prewar natural rubber tires.

New, better rubber. B.F. Goodrich has developed a rubber that's far better than ordinary synthetics. It helps the new Silvertown wear better and run cooler. It has greater resistance to cracking—and actually stands bruising and damage from accidents better.

Tire body 35% stronger. An entirely new, stronger cord is used, more of these cords are used in the top ply, an extra shock-absorbing breaker strip is included. The result: a body that is 35% stronger for additional resistance to bruises, extra blowout protection.

Flatter tread covers more ground. Called the "road level" tread, it puts more rubber on the road, permits all the tread to share the wear. Result: a further increase in mileage, less scuffing, better distribution of weight, better traction, more safety on the turns.

Plus 3 years' EXTRA experience. Three years before any other manufacturer, B.F. Goodrich sold tires containing synthetic rubber to American car owners. The extra know-how piled up in these years is reflected in the new B.F. Goodrich Silvertown.

NOW...EVERY FAMILY CAN AFFORD FUNERAL INSURANCE

A few years ago it was uncommon to find any family fully prepared to meet the financial burdens of a bereavement. But today, the funeral payment plan that takes care of the entire cost of a complete funeral is one of the most rapidly growing forms of family protection.

A Funeral Service Plan establishes in advance just how much the funeral shall cost and pays the expenses without taking away from the savings and insurance funds of those who remain. And there is added peace of mind in knowing that no one will have to perform many involved business affairs at a time when hearts are troubled by sorrow.

We will be pleased to tell you about a reliable plan that renders a broad service at low cost.
